To Whom It May Concern:

It gives me great pleasure to recommend an exceptionally talented and motivated individual Victoria Boland to you and your organization. For the past year Victoria has assisted in our national illusion show tours as lead assistant. It is a difficult task discovering someone who is not only capable of handling the overwhelming task of touring, but also a person who is outgoing, enthusiastic, and professional. Above and beyond all of Victoria's outstanding qualities she is an extraordinary human being.

You can be confident knowing that Victoria always gives 200%! She is very dedicated to her work and puts all of her focus and efforts into the success of everything she does. You will quickly realize the advantage Victoria will add to your organization, event or function.

Very Best Regards,

Ryan Joyce
