To whom it may concern,

It is my pleasure to give a reference for Victoria Boland who has been performing in The Cavern, Hong Kong's only Supper Club, from October 2005 until February 2006.

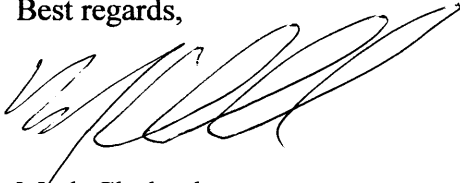

Victoria came to Hong Kong as a member of the Legends Tribute Show. Her role was Female lead singer performing artists such as Cher, Shania Twain, Tina Turner and Marilyn Monroe.

Victoria has a great voice and stage presence and is a very mature performer for her age. She has no problem going on stage anywhere as well as going into the audience to interact with guests. Her ability to adapt was clearly apparent to us, as there was no interruption of the show when she joined the production with little rehearsal. She was also very adaptable to show changes at any time.

Victoria is a talented singer/performer and will have a great career. I would recommend her to where her talents are needed and wish her success.
